Jaguar Club Southern Colorado - JCSC

Don Yowell, President 719-641-3985
General Meeting on 3rd Tuesday of the month at the Jaguar/Land Rover dealership in Colorado Springs.
See the web site for leadership and event information at jagclub.org

President's Page by Dwight Eisnach

After a long - but not so cold and not so snowy - winter it's time once again to get the Cats out and put them through their paces.

The event season is here and this summer looks to be full of events guaranteed to please everyone's appetite, whether it's driving events, concours, social or charity events, or even solar eclipse gazing later in August. No matter your interest, we've got it covered!

To get us started we have our annual Dust Off on Saturday, May 20, which promises to be a fun, beautiful drive and an opportunity to spend the day with your Club friends. Details on the Dust Off are on page 6 of this issue, but we'll meet at the Panera Bread near Colorado Mills, make our way to the Pine Valley Ranch for our refreshment stop and wind up in Woodland Park for lunch. Don't miss it, and don't forget to send your registration checks to Deanie Kennedy for $25 per person. This covers coffee and rolls at Panera and the refreshment

stop but not Lunch.

The following weekend is the WarBird air/car show and swap meet at Front Range Airport which is always a fun and relaxing day to see all kinds of motor cars on four wheels and to get a close up look overhead of some mighty U.S. warplanes that will fly over. To show your car is free but registration is at pitrally.com/warbirdautoshow. Spectator admission is $10 per carload. Organizers say improvements have been made this year to reduce the lengthy wait times of last year to get into the event.

And shortly after the WarBird show is the Ability Connection Colorado Concours d'Elegance at Arapahoe Community College in Littleton on Sunday, June 11. This annual event is always fun with about 450 of the world's most exotic cars on display, and since it is RMJC's 50th Anniversary this year ACCO is giving Jaguar some extra special attention including in car displays and promotional and other materials. Don't miss this one because it will be fun but also because ACCO is our official club charity to which we annually donate $500.

By the way, ACCO needs volunteers the morning of the show so please consider giving a couple hours of your time to help out this worthy cause, and the club needs volunteers on Saturday morning the day before (June 10) to help stake out the Jag Corral. If you're interested in volunteering for either of these needs please contact our own Vince Lane as soon as possible.

Remember, our club is only strong and vital with everyone's participation, not to mention more enjoyable too!

Keep a smile on your face, you're driving a Jaguar!

Concours Location

From C-470 take the Wadsworth Boulevard Exit (Colorado 121). Proceed south on Wadsworth Boulevard for approximately 3.5 miles passing Chatfield Reservoir on your left. As you approach the entrance to Lockeed-Martin turn left onto Waterton Canyon Road. Proceed approximately 1.2 miles to the first traffic signal (Rampart Range Road). Turn right and proceed approximately 2.0 miles straight into the Roxborough Park residential community. Stay in the left lane and check in at the guard house explaining that you are here for the Concours. From the guard house make an immediate left turn into the Community Center parking lot.

Roxborough Park Community Center

Concours, NOT Concourse

Concours, as in Concours d'Elegance (translates as "competition of elegance") refers to an elegant car show.

Concourse — rhyming with horse — most often refers to a long open walkway at an airport or rail station.

XK8 Timing Chain & Tensioners Replacement by Bill Beeson continued from March and April issue - the final chapter

Work resumed the next morning as we started the reassembly.

This part of the project was very straight forward. The left bank chain guides were replaced and the secondary chain was installed, connecting the intake and exhaust camshafts. The crankcase sprocket (2 dots as noted earlier) was installed on the crankshaft along with the primary chain.

The intake camshaft sprocket and primary chain was maneuvered into place and the upper and lower tensioners were installed.

The tensioner locking pins that hold the tensioner pistons in the retracted position were left in place when the tensioners were installed. The tensioner locking pins were pulled later when we adjusted the initial tension on the chains. The intake and exhaust cam sprockets were snugged down, but not torqued yet.

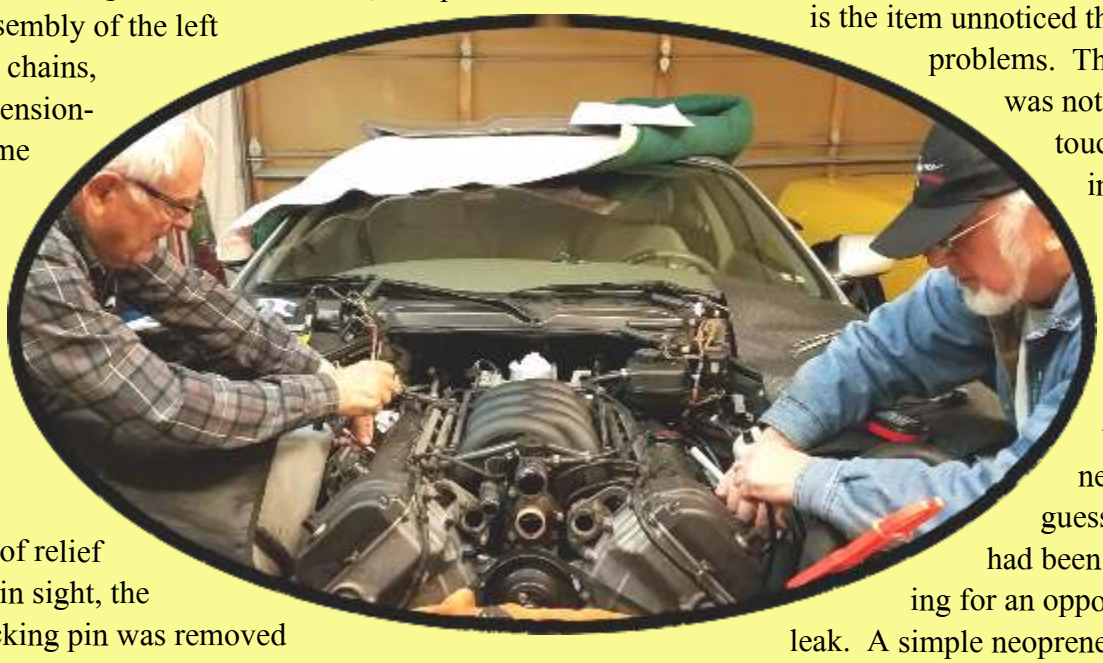
We moved then to the right bank and repeated the same procedure, taking care to install the outside crankcase sprocket (1 dot) in its proper position with the primary chain. Remember that the teeth of the front sprocket are NOT aligned with the back sprocket when properly installed. After installing the new parts on the right bank and all of the cam sprockets were tighten to the point that they held the chains firmly, it was time to set the initial chain tension and torque the sprockets to their proper settings

continued on next page

continued from previous page

The tensioning wedge tools for the Jaguar tool kit were inserted between chain guide and body of the lower tensioners on both banks and all four (4) tensioner locking pins were removed. Moving back to the left bank, the exhaust sprocket was torqued to its proper setting. The intake cam sprocket tool was then placed on the sprocket with a 10mm Allen wrench through the tool for the stretchable sprocket bolt. Holding tension on the primary chain and pulling it tight against the chain guide with the intake sprocket tool, the sprocket bolt was torqued to its proper setting and then rotated an additional 90 degrees to lock it. This is the stretch that was noted earlier.

The right bank wedge tool was removed, completing the reassembly of the left bank timing chains, guides and tensioners. The same procedure was applied to the right bank, completing the reassembly of both banks.



With a sigh of relief and the end in sight, the flywheel locking pin was removed and the sensor and access plug were reinstalled. The cam shaft locking bars were removed from each head and the new water pump was installed.

The engine front cover, all 24 bolts, the serpentine belt and belt tensioners, and the cam covers were replaced, torqueing everything as specified. The coil packs finally reinstalled. Note that we could have replaced the spark plugs before reinstalling the coil packs, but did not because they had been replaced at 84,000 miles.

The right bank coil pack cover presented troublesome when one of the cover bolt cross threaded the cover and the insert had to be re-tapped, illustrating that care needs to be taken with the coil brass inserts on this cover can be easily cross threaded or stripped.

Hoses, air intake box, MAF, and all electrical connectors were installed, coolant topped off, and we were ready to test the success of the project.

With all eyes on the engine, the key was turned and all was good. The engine fired right up and was running very smoothly.

However, less than a minute later a coolant leak was noted, coming from the temperature sensor on the coolant inlet pipe. As is the case in these projects, it is the item unnoticed that causes problems. This sensor was not even touched during the project other than to remove its electrical connector. I guess that it had been just waiting for an opportunity to leak. A simple neoprene washer solved this annoyance and our project was deemed successfully completed.

Conclusion, this is a tedious project but not quite as difficult as I had envisioned. Planning, good friends, attention to detail, and patience are all it takes. Good luck with your project. I hope that my tale has provided some insights for future projects.

Bill

April 4th Board Meeting Minutes by Steve Kennedy

The April RMJC Board Meeting was called to order by President Dwight Eisnach at the home of Bob Grossman. The evening was hosted by Bob and step-daughter-in-law Shawn Bowman. In attendance were: Dwight Eisnach, Gordon Kenney, Gary George, Deanie Kennedy, Shawn Bowman, Bob Grossman, Bill Beeson, Teresa Ross, Vince Lane, Linda Eisnach, Steve Kennedy. John Davis tried to attend but got lost in the snow.

Deanie reports that we are ahead on the budget compared to last year. Some members have asked to see a treasurers report so we will begin to publish an abbreviated financial statement every quarter in the newsletter. Gordon reports that Classic Showcase is paying extra to run their ad in color on the back page of Cat Tales.

The board discussed the number of newsletters printed each month. Brent reports that he picks up several of previous month's newsletters when he drops off's the current month's issue. We need to add Ax and Allies and Jaguar Denver to our distribution but could reduce the number of issues we give to some of the dealers. We might try just giving 5 issues to each.

The Board OK 'd booking the Welshire for the 2018 Christmas Party. (Note: Deanie contacted them and during the holidays they charge $1000 just for the room, meals are extra.)

May 20th is the Spring Dustoff. We meet at the Panera Bread at 14740 W Colfax Ave #110, Lakewood, CO 80401. If you get lost, call Steve, 303 489-3955.

Gordon and Bill talked about their experience with other clubs which do "impromptu" get together's with only e-mail notices giving starting point, time and destination. The board thought it might be something we could try. Shawn suggested using Facebook to publize them.

The ACCO Show is June 11th. Vince showed a copy of the ACC poster which everyone liked. Hopefully we will be able to park the Jaguars that are on the poster in the same layout at the show. Entry fee for the ACCO show is $50. Each club has been asked to provide a Concours Judge for the ACCO judging and Vince recommended Gary George. If you would like to have the ACC Judges judge your Jaguar, that is an extra $50.

June 25th is the RMJC Concours at the Roxborough Park Clubhouse. It will include breakfast, lunch, and dinner. More details later but save the date.

Shawn will do a Face Book talk at the April monthly meeting about how to view the face book page.

Dwight asked if someone would handle planning for a trip to the wild life animal sanctuary.

The Front Range Airport Warbird and Car Show is May 27, memorial weekend.

Gordon says that 37 people have signed up for the eclipse bus trip.

Thanks to Bob and Shawn for hosting.

April 11th, Piccolo's Meeting Minutes by Steve Kennedy

President Dwight Eisnach called the April Monthly Meeting to order at 7:20 pm. New members Sally and Chris Christopherson have a silver 2000 XK8 convertible. Chris had a 1965 E-Type in College and sold it when he joined the Air Force and has missed it ever since.

Dwight recognized the Birthday of Amanda, our waitress at Piccolo's, who does such a great job of taking care of our group. The card had been signed by more than 20 members.

Teresa, Don, Brian and Jackie are hosting the Spring Dust-off on Saturday May 20th. We will meet at Panera Bread at 14740 W Colfax Ave #110, Lakewood, CO 80401. If you get lost, call Steve, 303-489-3955. Probably a good idea just to put Steve's phone number in your cell phone so you always have someone you can contact. The cost is $25 per person including breakfast and the refreshment stop along the way; lunch is additional.

Vince reported on the ACCO Concours on June 11th. Jaguar is the featured marque in honor of RMJC's 50th Anniversary. Vince showed the event poster featuring Deanie's F-Type and Jeff Schroder's C-Type and D-Type. Register on-line by May 20th, $50 to show or $100 to have them also judge your car. Club judging at no extra cost.

They need volunteers the day before to layout the field. They also need volunteers Sunday morning to help with parking. If you can help, please contact Vince, blcswvjd@msn.com, 303-322-8998.

Frank Oakley is hosting his annual Tune-up Day on Saturday, April 29th from 10 am until noon or whenever everyone is ready to go home; fjoakley1@gmail.com, 720-851-5708, 303-862-2836.

The second Judges meeting is at the Kennedy's on May 6th. The Front Range Airport Warbird and Car Show is May 27.

Gordon reports that 37 people have signed up for the eclipse trip in our bus group. Several are staying Sunday night at the Fairfield Inn at 120th and I-25 before boarding the bus at 4:30 AM Monday, Aug. 21st.

This group is meeting Sunday evening for dinner together; let Deanie Kennedy know if you are interested in joining this group.

Guest speaker for the meeting was Shawn Bowman who is coordinating social media for the club. Her talk on Facebook detailed the website's basics, how to start an account and how the club can utilize the website in outreach and promotions.

A link to her presentation slides and information is here https://goo.gl/bpby3t. RMJC is in a unique situation since the site is extremely popular and has many more followers than just members of our club. A post of Clark Gable in his XK 120 was seen over 5,000 times and a club photo from Central City had over 22,000 views.

Club members are invited to share links and announcements on the page including car questions, recommendations and shop tips, local car meet ups, vehicles for sale and car related humor.

If you're on Facebook you can post information to the page yourself or email Shawn at shawn@axandallies.com to insure your post will be seen by everyone who follows the page"

The meeting was adjourned at 8:46.

Need some help in getting started with a Facebook Account?

Collector Car Council of Colorado, Inc.

Minutes of Meeting, April 5, 2017

The meeting was held at the Falcon Police Station in Colorado Springs

Legislative Information: Leo Boyle discussed current bills in the legislature. HB17-1105 and HB17-1205, described last month, have both advanced. HB17-1205 ("Salvage Vehicle definition") does not alter the exemption of collector-series-eligible vehicles established last year. HB17-1249 ("Concerning the unlicensed selling of motor vehicles") is promoted by independent used car dealers to penalize individuals acting as dealers without authorization.

Report of 1st Judges School by Steve Kennedy

The first RMJC Judges Meeting was held April 15th at the Hagerty Classic Car Insurance company's office in Golden. In attendance were Gary George, John Schrader, Craig Miles, Frank Oakley, Bob Grossman, Bill Beeson, and Steve Kennedy.

The general purpose of the concours is to present Jaguars in as clean and authentic condition as possible.

It is important that all Judges apply these accepted rules and standards to each Jaguar in the same way. Once certified, Judges are expected to avail themselves to help with judging whenever needed.

The second Judges Meeting will be held at the home of the Kennedy's, 8137 Zang St., Arvada, CO 80005, If you get lost, call Steve 303-4489-3955. The meeting starts at noon, we will figure lunch out when we see what everyone wants.

The Bus Trip 8/21 to the Solar Eclipse has been sold out.

If you are already in this group consider staying the Sunday night before at the "**Fairfield Inn by Marriott**" near 120th and I-25. The rooms cost is $119 (vs. $146); contact them at 303-255-3100; 12080 Melody Dr., Westminster, CO., and ask for the "Sirius Travel " group rate. After an early breakfast Monday we will board the RMJC bus in their parking lot around 4:30 AM.

This is also the Monday morning boarding point for passengers who are not staying overnight.

Several in this group are meeting for dinner nearby on Sunday evening. Contact Deanie Kennedy at 303-489-3944 or dkennedy@ecentral.com for details if you would like to be part of this dinner group.

There are 37 people who have signed up for our group iRMJC bus. About 20 of them are from the Jaguar club and others are from the Triumph club, the MG club and from friends of club members.

Note that Sirius Travel is taking 17 buses of 55 passenger each so the whole group together at the WY destination will be more than 900 people.

This photo was taken from a sailing ship during the November 2013 solar eclipse. The small size of the sun shows why a low power telescope or pair of binoculars is useful during those couple of minutes of total eclipse. A SOLAR FILTER must be used with those except for those few seconds of totality.

Clock Photos

Steve is doing Clocks with the photo you supply for $25.

For the clock photo, you need to hold the camera in what is called Portrait format, long ways top to bottom. You also need to stand back further than you usually do.

By the time the photo is cropped and made circular for the clock, the high background goes away and the picture clock looks just fine

50th Anniversary of RMJC Car Badge

RMJC Members. We are offering a very nice 50th Anniversary RMJC Car Badge, made of brass with green mountains, and numbered from 1 to 50. The cost is $35 each. The Anniversary car badge has been made to be very similar to the original 1967 car badge that Gary George has. His had a chrome headed carriage bolt in the center for mounting purposes. The new badge has two cast fasteners on the back, is supplied with the mounting hardware and has the Growler in the center. It is three inches in diameter, as was the original.

RMJC Car Badges are currently available from Steve at skennedy@ecentral.com
